

Finnish Society of Clinical Pharmacology – 20th Anniversary Symposium

October 10, 2014

Hall 15, The House of Estates (Säätytalo, Ständerhuset)
Snellmaninkatu 9-11, Helsinki

Scientific Program

10.00-10.45 *Coffee (Hall 10)*

Opening session

- 10.45 History of Clinical Pharmacology in Finland (Pauli Ylitalo)
11.00 History of Clinical Pharmacology in Sweden (Folke Sjöqvist)
11.15 Discussion

Clinical Pharmacology in Finland

- 11.30 Membrane Transporter Pharmacogenetics (Mikko Niemi)
11.50 Pharmacoepidemiology – Possibilities and Pitfalls (Risto Huupponen)
12.10 Assessing the Representativeness of Statin Trials for Real World Diabetes Care (Päivi Ruokonieni)

12.25 *Lunch (Hall 10)*

- 13.40 *Award lecture for the best clinical pharmacology thesis in 2013*
“Improving Pharmacotherapy in Older People: a Clinical Approach” (Pasi Lampela)
13.55 Current Topics in Drug-Drug Interaction Research (Janne Backman)
14.15 Glucuronidation Converts Clopidogrel to a Potent Metabolism-Dependent Inhibitor of CYP2C8 (Aleksi Tornio)

Clinical Pharmacology in Sweden

- 14.30 The Role of Clinical Pharmacologists in the Health Care System (Marja-Liisa Dahl)
14.50 The Role of Clinical Pharmacologist in Medical Authorities (Charlotte Asker-Hagelberg)

15.10 *Coffee (Hall 10)*

- 15.45 Current Trends in e-Health and Drugs in Sweden – Implications for Clinical Pharmacology and Finnish-Swedish Collaboration (Mikael Hoffmann)
16.00 Future Challenges for Clinical Pharmacology in Health Care (Lars Gustafsson)

16.20-30 **Closing words**
